The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary ; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India ; and if already selected, will be removed from the position of a Probationer.

* The Examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

† The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

‡ Marks assigned in English Composition and Mathematics will be subject to no deduction.

§ Full instructions as [illegible] of study to be pursued will be issued to the successful Candidates as soon as possible after the re[illegible]petition is declared.

The last of these Examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a selected Candidate is qualified for the Civil Service of India. No. 252.

The 6th February 1879.

The following Notification of the Government of India, Foreign Department, Judicial, No. 15 J, dated the 29th January 1879, prescribing Rules for regulating the execution and costs of processes issued by the Civil Courts in Mysore, is republished for general information. These rules will take effect from and after the 1st February 1879, in supersession of all other Rules now in force.

Govt. of India, Foreign Dept.—Judicial, Notification No. 15 J., dated Fort William, the 29th January 1879.

Hrs Excellency the Viceroy and Governor-General in Council is pleased to approve the following Rules framed in pusuance of Sections 20 and 22 of the Court Fees' Act (VII of 1870) for regulating the execution and costs of processes issued by the Civil Courts in Mysore :—

1.—The following Rules shall take effect from and after the 1st February 1879, in supersession of all other Rules now in force relating to the service or execution of processes.

2.—All processes issuing from the Civil Courts of the Commissioners, Deputy Commissioners, Judicial Assistants, and Munsiffs, shall be served or executed by a separate establishment, which shall consist of Amins and peons.

3.—Every warrant for the attachment of property, and every warrant for the sale, or for the sale and delivery of possession of property (whether movable or immovable), shall be executed by Amins.

4.—Every summons, notice, written order, warrant of arrest, injunction, and proclamation, shall be served or executed by peons.

5.—There shall be two grades of Amins, remunerated by salaries of Rs. 16 and 14 respectively, and two grades of peons remunerated by salaries of Rs. 8 and 7 respectively. The proportion of Amins in the higher grade in each district shall not exceed one to two in the lower grade, and the proportion of peons in the higher grade shall not exceed one to three in the lower grade. The Amins and peons of the higher grade shall be divided among the Courts of the district in the same proportion, *viz.*, wherever there are attached three Amins to any Court, one of them shall be of the higher grade, and where there are four or more than four peons attached to any Court, one of every four peons shall be of the higher grade. In exceptional cases, and with the previous sanction of the Judicial Commissioner, *batta* may be given in addition to salary.

6.—The following procedure shall be followed for ascertaining and regulating, from time to time, the number of Amins and peons necessary to be employed for the service and execution of processes issuing from the different Civil Courts in the Province :—

(I.) The Commissioner of each division shall ascertain the average annual number of civil processes issued from his own Court, and from each of the Courts subordinate to him, which are required to be executed by Amins and peons, respectively, under these rules, during the three years last past, or during any lesser period regarding which reliable data can be procured.

(II.) The Amins and peons to be employed in each Court shall be in number sufficient for the execution of a like number of processes, each Amin being for this purpose considered capable of executing seventy processes annually, and each peon capable of executing three hundred processes in the Munsiff's Courts and two hundred in the Courts of higher grades : Provided that the Judicial Commissioner may, on sufficient cause shewn, and with reference to the peculiar circumstances of any Court, modify the rate above mentioned, with regard to such Court.

(III.) In order to provide for the service by peons of processes of certain kinds, which occupy a longer period, and in respect of which a higher fee is charged, 25 per cent may be added in each case to the average ascertained under Clause I of this section : Provided that in no case shall the costs and charges on account of the service of process exceed the estimated or probable receipts.

(IV.) When there are in any districts several offices of any one class, such as those of Munsiffs, the Commissioners may authorize the appointment of such number of Amins and peons on the whole, for such Courts, as may suffice for executing the total number of processes, and may, from time to time, apportion such peons according to need among such Courts.

(V.) When it appears to the Commissioner that the number of processes issued out of any Court or class of Courts in any district has increased so as to render an increase of establishment necessary, he shall be competent to make the requisite increase in the number of Amins or peons ; and if there shall be a diminution of processes to the like extent, or if he shall be satisfied that the processes of all or any of such Courts can be executed by a smaller number of peons, or if it appears that the costs and charges exceed the receipts, it shall be his duty to make a reduction accordingly : Provided that intimation of all changes effected under this clause shall be reported to the Judicial Commissioner for sanction, and that all extra officers appointed shall be placed on the temporary establishment, until such time as it is evident that it is necessary to place them on the ordinary establishment.

(VI.) If in any Courts or class of Courts the amount of work fluctuates at different seasons of the year, the number of Amins and peons appointed on the ordinary establishment shall be the minimum required at any time of the year. To provide in such cases for the carrying on of the work during the busy season of the year, the Commissioner shall, subject to the approval of the Judicial Commissioner, be empowered to sanction the temporary employment of an extra establishment.

7.—For and in respect of the service of a process issuing from a Munsiff's Court, there shall be payable by the party, at whose instance such process is to be served, a fee of the amount specified in Schedule No. I, annexed to these Rules, and such process shall not be served or executed until such fee shall have been duly paid.

8.—For and in respect of the service or execution of a process issuing from any Civil Court in the Province of Mysore, above the grade of a Munsiff's Court, there shall be payable by the party, at whose instance such process is to be served, a fee of the amount specified in Schedule No. II, attached to these Rules, and such process shall not be served or executed unless and until such fee shall have been duly paid.

9.—In cases in which the party at whose instance a process is issued desires expedition in the service or execution of process, he shall pay to the Amin or peon entrusted with the process, through

the Nazir or Sheristadar, mileage, at the rate of four annas per mile, if the Amin or peon is required to travel by transit ; two annas per mile, if by ordinary cart ; and three pies per mile, if by rail.

1. Any person resident in British India, who desires to obtain a certificate of re-admission to British nationality, so as to carry the privileges thereby conferred beyond the limits of British India, must present to the Government of India in the Home Department, a memorial praying for the grant of such certificate.

2. The memorial must state—

(1) The name, address, age, profession, trade, or other occupation of the applicant.

No. 207.

Fort William, the 17th January 1879.

READ again—

(1) Resolution, No. 3733, dated 12th December 1873, to withdraw from circulation all copper coin issued before Act XXI of 1835 came into force, which finds its way to the Government treasuries or, on Government account, to the Presidency Banks and their Branches.

Read the following papers :—

(2) A letter from the Government of Fort Saint George, submitting a proposal made by the Accountant General, Madras, that some date be fixed, by notification or otherwise, after which "uncurrent copper coin of the old mintage shall not be received by the Government." The Government of Madras considers that sufficient notice should be given to the public, and the coins duly called in before they are declared illegal.

(3) A telegram to the Accountant General, Madras, No. 1493, dated 25th February 1878, forbidding the withdrawal of copper coins of British Mints, in good condition, of whatever date.

(4) A circular No. 19, dated 1st March 1878, issued by the Accountant General, Madras, to give effect to the instructions recited in para (3).

(5) A letter from the Comptroller General, No. 2382, dated 15th March, asking for copy of the orders justifying the circular by the Accountant General, Madras, recited in para (4).

(6) (*a*) A letter from the Accountant General, Madras (enclosing one from the Secretary and Treasurer of the Bank of Madras), reporting that copper coins, bearing on one side the device of a pair of scales and certain four-pie pieces, are not readily received by the public; and repeating his suggestion, recited in para (2), that copper coin which is not legal tender under the Indian Coinage Act, 1870, should cease to be received in the public treasuries.

(*b*) A further letter from the same officer, calling attention to the foregoing letter, and pointing out that the Comptroller General, in clause 4 of his circular No. 21 of the 6th March 1878, has already forbidden the receipt at public treasuries of any copper coin which is not legal tender under the Indian Coinage Act, 1870.

(c) A further letter from the same officer, calling attention to his letters hereinbefore recited, and submitting, as a specimen, a report from the Treasury Officer of Madura, to the effect that there is uncurrent copper coin (chiefly, it would appear, the aforesaid scale coins) to the value of Rs. 800—4—0 in his treasury, which the public refuse to receive.

(7) A letter from the Accountant General, Bombay, No. 1757 R., dated 8th May, enquiring whether the orders upon which the circular instruction by the Accountant General, Madras, recited in para 4, was issued, are applicable to the Bombay Presidency.

(8) A demi-official letter to the Mint Master, Calcutta, No. 921, dated 24th July 1878, and his reply, containing particulars of the copper coins issued from time to time by the Bengal Mints.

(9) A demi-official letter to the Mint Master, Bombay, No. 922, dated 24th July 1878, and his reply, containing particulars of the copper coinage of the Bombay Mints.

(10) A demi-official to the Chief Secretary to the Government of Madars, No. 923, dated 24th July 1878, and replies by the Accountant General, Madras, containing details of the copper coinage of the Madras Mints.

(11) A demi-official letter to the Mint Master, Bombay, No. 47, dated 1st October, and his reply, shewing the loss incurred by withdrawing copper coins.

Read again—

(12) Letter to the Comptroller General, No. 2295, dated 16th August 1878, authorizing the receipt for full value from Mysore of Rs. 9,343 worth of copper coins of British coinage prior to 1835.

READ—

(13) Letter from the Accountant General, Madras, No. 172 N., dated 20th September, inviting attention to his letters recited in para (6), and observing that, pending orders upon those letters, he will not move the said copper coin from Mysore.

RESOLUTION.—The Governor General in Council is not prepared to call in any copper coin, the produce of British Mints, however old its date. Such a copper coin may not unreasonably be regarded as a metallic token equivalent to a promise on the part of the British Government to accept the coin at the value placed on it when it was originally issued.

2. Any copper coin, which can be recognized as the produce of a British Mint, should, therefore, be received freely as legal tender against the Government, or by the Presidency Banks in payment of Government dues—

(1) if it bears the designation of any existing legal-tender copper coin, or multiple, or sub-division thereof—then at its nominal value ;

(2) if it bears some obsolete designation, such as "cash," "dabs," or "faluses"—then at the rate of a-quarter-of-an-anna for every hundred grains troy of its weight.

3. But His Excellency in Council is pleased to resolve, in supersession of all previous orders to the contrary, that, for the present, as an experimental measure, no copper coin coined before Act XXI of 1835 came into force shall be re-issued either by the Presidency Banks or from any Government treasury. The Comptroller General should keep himself informed of the operation of these orders, and report if the quantity of copper coin withdrawn under them becomes inconveniently great. Meanwhile all such which come into the *ex-officio* possession of any Government Officer or of the Presidency Banks be returned into store at the nearest depôt or sub-depôt, established under Resolution No. 14th June 1878.

4. The Comptroller General will issue such orders as he may think fit for th of all such copper coins received at such depôts and sub-depôts ; determining Mint Masters, whether their destruction can be safely entrusted to the local must be carried to the nearest Mint and there destroyed. In either case copper.

5. The Comptroller General will also report, for the approval of the Government of India, the measures which he proposes to adopt for passing through the public accounts the cost of withdrawing such obsolete coins.

6. The Comptroller General will also report annually the amount and particulars of copper coin of the coinages before 1835 withdrawn under these orders.

7. For the convenience of the Banks and Treasury Officers in giving effect to these orders, it is observed that only the following copper coins will henceforth be re-issued from any Presidency Bank or Government office :—

(1) Double-pice or Half-an-anna.
(2) Pice or A-quarter-of-an-anna.
(3) Half-pice or One-eighth-of-an-anna.
(4) Pie or One-twelfth-of-an-anna.

The coins to be thus re-issued are of two descriptions :—

1*st*.—The device upon the obverse of those coined under Acts passed before Act XIII of 1862 is the armorial bearings of the East India Company with a year of the Christian era. Upon the reverse is a laurel wreath surrounding the designation of the coin in English and, (except the older half-pice, which only bear the date 1853,) Persian, and the words "East India Company" in English.

2*nd*.—The device upon the obverse of those coined under Act XIII of 1862 and later Acts is the effigy, name, and title of the reigning sovereign. Upon the reverse is a laurel wreath surrounding the designation of the coin in English over the word "India" and a year of the Christian era.

ORDERED, that this Resolution be distributed for information and guidance as follows :—

1.—To the several Departments of the Government of India.
2.—To the several Local Governments and Administrations.
3.—To the Comptroller General and to the several Accountants General and Deputy Accountants General in independent charge.
4.—To the several Chiefs of Departments administered by the Government of India in the Financial Department.
5.—To the Presidency Banks.

No. 265. *The 12th February 1879.*

With reference to the following orders of the Government of India No. 521, dated 31st January 1879, the Chief Commissioner directs it to be notified that the revision of Civil Establishments about to be carried out in Mysore will necessitate the abolition of numerous posts, and that in those cases where the permanent incumbents may not already have received intimation of the intention of Government

to reduce the Establishment to which they belong, the three months' notice required by the orders referred to shall be reckoned from the date of the publication of this Notification.

The present concession will not apply to the case of servants whose services may be dispensed with under a medical certificate of incapacity nor to those who are pensioned on having completed fifty-five years of age.

Government of India, Financial Department Notification, Accounts and Finance, dated Fort William, the 31st January 1879.

No. 521.—The Governor General in Council directs the publication of the following Addenda to the Civil Pension Code :—

CIVIL PENSION CODE.

Section 50 (*page* 25).

Insert the following as Rule 1*A under this Section* :—

1*A*. Reasonable notice should be given to an officer in permanent employ before his services are dispensed with on the abolition of his office. If, in any case, such notice is not given at least three months before dispensing with the officer's services, and he shall not have been provided with some other employment, then, with the sanction of the Local Government, a gratuity not exceeding his emoluments (as defined in Section 69 (*a*)), for the period by which the notice actually given to him falls short of three months, may be paid to him, in addition to the pension or gratuity to which he may be entitled under Section 59. But the responsible officer will be required to explain any neglect on his part which may give rise to expenditure for such a gratuity.

Section 82 (*page* 47.)

Insert the following as Rule 2 :—

2. When the services of an officer are dispensed with on the abolition of his office, before the necessary enquiries preliminary to the settlement of the pension or gratuity to which he is entitled can be completed, the Accountant General may sanction the immediate disbursement of the pension to which, after the most careful summary investigation that he can make without delay, he believes the officer likely to be entitled.

If the Accountant General thinks it likely that the officer would be found entitled to a gratuity only, one-sixth of the amount of such probable gratuity may be disbursed to him monthly until the amount is finally settled.

The settlement of such provisional payments should be made so as to admit of their disbursement not later than one month after the officer has ceased to hold the abolished post.

If, upon the completion of the regular investigation, it be found that the pension or gratuity thus summarily assigned, differs from the pension or gratuity finally settled, the difference must be adjusted in the first subsequent payments. Provided that, if a gratuity summarily assigned under this Rule, proves to be larger than the amount found actually due upon completion of the enquiries, the officer shall not be required to refund any excess actually paid to him, except as provided in Chapter XX. To enable the Accountant General to exercise the jurisdiction thus entrusted to him, the Head of the Office from which the officer is removed should furnish to the Accountant General, as early as possible, immediately that it becomes known to him that the officer must retire, and without waiting for his actual retirement, the fullest information that can be obtained regarding the officer's service, without correspondence which must cause delay. This information is to be furnished in anticipation of the regular investigation required by Section 74, which, also, should on no account be delayed.

All officers should bear in mind that delay in the payment of pensions or gratuities may involve peculiar hardship, and everything should be done to prevent or shorten to the utmost such delays.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

Circular No. 6F.

Extract from the Proceedings of the Government of India, in the Department of Revenue, Agriculture, and Commerce, (Forests), dated the 3rd February 1879.

READ—

Circular letter from this Department, No. 35, dated the 9th December 1876, forwarding a memorandum of conditions for the admission of candidates as Sub-Assistant Conservators of Forests.

Circular Resolution of this Department, No. 36F., dated the 6th October 1877, forwarding a revised memorandum of conditions for the admission of candidates as Sub-Assistant Conservators of Forests (dated the 20th September 1877).

Circular Resolution of this Department No. 34F., dated the 1st July 1878, on the establishment of a Central Forest School.

RESOLUTION.—The Governor General in Council has had under consideration the measures required at the present time for strengthening the superior staff of the Forest Department by the promotion of Forest Rangers, and by the appointment of other persons to the class of Sub-Assistant Conservator, and is pleased to pass the following orders on the subject.

2. Any Forest Ranger who may be considered by the Conservator under whom he is serving to be suitable for promotion to the superior branch of the service, may be sent to the Forest School as a Probationer, and, if he passes the period of his probation to the satisfaction of the Director of the Forest School, he may be promoted to the rank of Sub-Assistant Conservator of Forests on his return to the province whence he was sent to the Forest School.

Such promotions will be made by the Government of India on the recommendations of Local Governments. On the other hand, any Probationer admitted under these conditions who may be found unsuitable or not sufficiently qualified for the superior branch of the service, or who fails in any way to give satisfaction, will be liable to be sent back to his province by the Director of the Forest School.

3. The allowances of Forest Rangers while employed as Probationers in the School Forests will not be less than the pay drawn by them in their respective provinces before joining that institution, but will not be more than the maximum fixed for other Probationers, *viz.*, Rs. 150 per mensem. Within these limits the Director of the Forest School will fix the rate of pay to be drawn by Forest Rangers employed under him as Probationers, after due consideration of the manner in which they have discharged their duties and conducted themselves generally during the month. The Director of the Forest School will countersign their salary bills.

4. Conservators of Forests who may wish to send any Forest Rangers to the Forest School as Probationers should, with the consent of the Local Government in the first instance, communicate with the Conservator of the Forest School Circle, in order to ascertain whether they can be received and usefully employed by him. In the event of this being the case, the names of any Forest Rangers proposed to be trained at the Forest School for the superior branch of the service, in the manner indicated, should be submitted by the Local Governments concerned to the Government of India for sanction.

5. In special cases, passed students of the Thomason College at Roorkee, who have received a certificate of Assistant Engineer, or officers of other Departments, or persons otherwise specially qualified, may be admitted as Probationers under the conditions detailed in the memorandum appended to this Resolution.

6. In future, it is not, as a rule, intended to appoint any Sub-Assistant Conservators who have not first served for some time as Probationers, and the memorandum of the 20th September 1877, which was circulated with the Resolution of this Department No. 36F., dated the 6th October 1877, is accordingly cancelled. The memorandum now circulated will be inserted in the place of Appendix A to the Forest Department Code.

Revised Memorandum of Conditions for the admission of Candidates as Probationers or Sub-Assistant Conservators of Forests,—(dated the 3rd February 1879.)

Candidates should personally submit their applications, testimonials and certificates to the Conservator of Forests of the Province in which they reside, or to the Director of the Forest School and Superintendent of Forest Surveys. As a rule, no candidates will be accepted who are married or are under 18 or above 25 years of age, but in special cases exceptions may be made. It will be the duty of the Conservator to satisfy himself that the applicant has active habits, good eyesight, fair powers of observation and sense of locality; and possesses such other qualifications as are likely to make him a useful Forest Officer. The Conservator will further satisfy himself regarding the moral character of the applicant, and will ascertain whether he has received a sufficiently good general education to enable him to maintain his position among civil officers and the officers of his own Department. He will be at liberty to decline forwarding the application without assigning any reason. In the event of his being satisfied that the candidate is likely to be a useful Forest Officer, he will submit the application and papers, accompanied by a detailed confidential report, to the Government or Chief Commissioner of the Province, when, if approved, the application will be forwarded to the Government of India in the Department of Revenue, Agriculture and Commerce. The Conservator's confidential report may, if desired by him, with the permission of the Government or Chief Commissioner of the Province, be sent direct to the Inspector General of Forests. The term Conservator of Forests as used in these rules includes the Superintendent of Forest Surveys and the Deputy Conservators in charge of the Forests in Assam and Berar.

2. In special cases, applications may be made to the Inspector General of Forests, who will make the needful enquiries, and submit to the Government of India the reports otherwise required in this matter from Conservators of Forests. The Inspector General of Forests is, however, at liberty to decline forwarding such applications absolutely, or to refer candidates to the Conservator of Forests of the Province in which they reside.

3. Candidates should submit the following papers :—

1st.—A statement of their names and parentage, and a certificate or other satisfactory evidence of their birth.

2nd.—A statement of the schools, colleges, or other establishments at which they may have been educated since they were 12 years of age, together with a certificate of acquirements from some recognized educational establishment in Europe or in India.

In the absence of a certificate considered sufficient by the Conservator of Forests to whom the application was made, candidates will be required to pass an examination in the following subjects :—

1. Orthography, to be tested by dictation of not less than one octavo page from a standard English author.

2. English composition, to be tested by the writing of a short essay and a letter or report on general subjects

3. Arithmetic, in all its branches.

The examination will be conducted either by the Conservator of Forests, to whom the application was made, or by the Principal of a College or such other educational officer as the Local Government may from time to time direct.

It will rest with the Conservator forwarding the application to decide whether the result of the examination is satisfactory, or if he prefers doing so, he may consult the Director of the Forest School, to whom the examination papers should in all cases be sent.

3rd.—A statement of their employment while in India, testimonials of good character and conduct, and general testimonials from their former employers, with such references as may appear suitable.

4th.—A medical certificate of good health and constitution, signed by a Presidency Surgeon or the Civil Surgeon of the station nearest to their place of residence.

5th.—A certificate of having passed the examination in the Hindustani language by the Lower Standard. Candidates selected in Burma or Mysore and Coorg will be required to produce a certificate of having passed an examination in Burmese and Kanarese respectively, by such standard as may from time to time be prescribed by the Government of India.

6th.—A certificate of qualification in surveying by the Lower Standard as laid down in paragraph 14 of the Forest Department Code, of which the following is an extract :—

"*Para.* 14.— There will be two standards of qualification in surveying, the "Lower" and the "Higher." The examination by the "*Lower Standard*" will be as follows :—

"A circuit round an area of not less than two square miles of flat country to be traversed with a prismatic compass and chain, the bearings, distances, and offsets to be recorded in a field book, and to be plotted on a scale of not less than 8 inches=1 mile. The roads, paths, streams, houses and other topographical features to be filled in by plane-table and chain. If the officer conducting the examination certifies that no plane-table is available, the interior detail should be filled in by prismatic compass and chain. A line not less than one mile in length to be levelled throughout from both ends, and the sections to be afterwards plotted on a scale of 8 inches=1 mile for horizontal distances and not less than 20 feet=1 inch for vertical distances.

"Whenever possible, the exmaination will be conducted by the Superintendent of Forest Surveys. Officers who cannot present themselves for examination before him may execute the required survey under the supervision of an officer of the Public Works Department, not under the rank of an Executive Engineer, or of an officer of the Survey Department not under the rank of a Deputy Superintendent; and in this case the supervising officer will forward the map and field book to the Superintendent of Forest Surveys with a cetificate that the work is *bonâ fide* that of the officer under examination, and that it has been done under his supervision.

"The Superintendent of Forest Surveys will grant a certificate if he considers these documents satisfactory, and will send the certificate, if granted, as well as the map and field-book, with his remarks, to the Conservator to whom the application was made.

"Candidates who may be possessed of greater skill than is required by the conditions for the Lower Standard, may be permitted to shew it, should they wish to do so, by the addition of hill-shading or the survey of a piece of intricate or mountainous country."

Conservators are prohibited from forwarding the application of candidates who have not complied with all conditions as prescribed.

4. In the case of candidates who have passed the final examination as Assistant Engineers in the Thomason College at Roorkee, the certificate of acquirements required under paragraph 3 (2) and that of qualification in surveying required under paragraph 3 (6) will be dispensed with. In the case also of officers of the Survey Department, who may, with the consent of the head of that branch of the Department to which they belong, become candidates, the certificate required under paragraph 3 (6) will be dispensed with ; and in lieu thereof the candidate must produce a certificate signed by the executive officer of the Survey Department under whom he is serving, shewing the extent of his qualifications in those branches of field and office work (including map-drawing) with which he is acquainted.

5. The names of candidates whose applications are accepted will be registered, but registration does not imply any promise of appointment. Candidates will be eligible for appointments in the event of vacancies arising. They will, as a rule, be appointed as Probationers, and from date of joining they will receive salary, which has been fixed at a maximum rate of Rs. 150 per mensem. In special cases, candidates may be appointed Sub-Assistant Conservators of Forests on probation, on a salary not exceeding Rs. 200 per mensem.

6. Regarding their progress and qualifications, half-yearly reports on the 1st April and 1st October of each year will be submitted by the Conservator to the Local Government or Chief Commissioner, by whom they will be forwarded to the Government of India, with a recommendation for appointment as Sub-Assistant Conservator, in the event of vacancies arising in that grade, or for removal. During their period of probation, Probationers and Sub-Assistant Conservators on probation, will receive

such salaries not exceeding Rs. 150 and Rs. 200 per mensem, respectively, as shall month by month be adjudged to them by the Conservator under whom they are serving, after due consideration of the manner in which they shall have discharged their duties and conducted themselves generally during the month in question. It will therefore be necessary for him to countersign their salary bills in each instance.

It is to be distinctly understood that any Probationer or Sub-Assistant Conservator on probation who is found unsuitable or not sufficiently qualified for the work of the Forest Department, or who fails in any way to give satisfaction, will be liable to summary and immediate removal on the report of the Conservator.

7. Before promotion to the grade of Assistant Conservator, Sub-Assistant Conservators may be required to pass such further examinations in languages or other subjects as may from time to time be prescribed by the Government of India for officers in the Forest Department.

SANITARY.

From the Offg. Secretary to the Govt. of India, Home Dept., To the Chief Commissioner of Mysore and Coorg, No. 2—48, dated Fort William, the 5th March 1879.

I am directed to forward the accompanying "Report on Sanitary measures in India in 1876-77," and to request that it may receive as wide a circulation as possible. The Government of India attach much importance to the wide distribution of this book, and to the dissemination of the principles and views inculcated by the Army Sanitary Commission. The book should be seen by all local medical officers and by heads of municipalities in Mysore and Coorg.

2. In future years this Blue-book will be circulated without any covering letter. It is therefore particularly requested that these instructions may be borne in mind, and made known to all local officers to whom the book may be sent.

C. BERNARD,
Offg. Secy. to the Govt. of India.

No. 439, dated Simla, the 9th November 1878.

From—The Government of India.

To—Her Majesty's SECRETARY OF STATE for India.

We have recently had under consideration the question of reducing the passage-money and outfit allowance in the cases where it is granted to persons appointed in England for service in India. In certain cases, *e. g.*, educational officers and Chaplains, the present authorized rate of passage-money and outfit allowance is £ 150. This rate was fixed several years ago, but the cost of passage has greatly fallen within the last few years; at the present day a first class passage by the Peninsular and Oriental Company's steamers is, *via* Southampton £ 68, and *via* Brindisi in all about £ 73. We therefore think

that there is sufficient ground for revising the present rates of passage-money, and we accordingly suggest that in future passage-money and outfit allowance should not, as a rule, exceed £ 100.

No. 3 (Public), dated India Office, London, the 16th January 1879.

To—His Excellency the Right Honourable the GOVERNOR GENERAL of India in Council.

I HAVE had before me in Council the despatch of Your Excellency in Council, in the Financial Department, dated the 9th of November last, No. 439, suggesting that the passage and outfit allowance of educational officers and Chaplains on first appointment to the Indian Establishments, which is now fixed at £ 150, should in future, as a rule, not exceed £ 100.

2. Having considered this question in Council, I agree in the opinion expressed by Your Lordship regarding it, and shall in future limit the allowance in question to £ 100.

RESOLUTION No. 1170.

Fort William, the 7th March 1879.

It has been brought to the notice of the Government of India that articles liable to Sea Customs duty are frequently imported into India through the Letter Post and thus escape the duty to which they are liable. Such importations are in direct contravention of the Indian Post Office Act 1866, section 60 of which Act declares that any covers supposed to contain articles subject to Customs duty may be opened by the Post Office authorities after due notice to attend has been given to the addressee.

His Excellency the Governor General in Council desires to remind the public that the importation through the Letter Post of goods liable to duty is illegal, and to notify for general information that the provisions of section 60 of Act XIV of 1866 will be strictly enforced.

ORDERED, that this Resolution be communicated to the several Local Governments and Administrations, and for information and guidance to the Director General of the Post Office of India.

Also, that it be published in the *Gazette of India* for general information.

E. J. SINKINSON,
Under-Secretary to the Govt. of India.

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the Notes of the Transfer Loan 1879, of which Loan the Notes to be now issued will form a part. All the conditions which apply to Notes of the first Form of the Transfer Loan 1879 will apply to the Notes to be now issued.

3. Tenders for the whole or any part of the said amount of Five Crores of Rupees will be received by the Comptroller General from this date to noon of Monday the 12th of May 1879.

4. Each tender must be addressed, in the Form annexed to this Notification, to the Comptroller General, Treasury Buildings, Calcutta, and enclosed in a sealed cover superscribed "*Tender for Four-and-a-Half Per Cent Loan*, 1879." 8. The Minimum Rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, when the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the Recorded Minimum.

11. As soon as possible after the said 12th May 1879, Letters of Allotment will be issued to those persons whose tenders are accepted in whole or in part, or to their Agents; and an alphabetical list of the names of those to whom such Letters of Allotment are issued will be posted, for general information, at the Head-Offices of the Banks of Bengal, Madras and Bombay.

12. Payment of any accepted tender may be made to the account of the Government in the Head-Office of one of the Banks of Bengal, Madras or Bombay or in any Branch of any of these Banks, or into any Government treasury or treasuries in India which may be named in the tender.

14. Interest upon each payment will be promptly paid in advance at the rate of four-and-a-half per centum per annum, from the date of such payment to the Fourteenth day of September 1879.

15. Scrip receipts for instalments paid will be given by the Banks of Bengal, Madras and Bombay or their Branches, or by the Officers in charge of the Government treasuries at which payment is made These receipts will, as soon as possible, be exchanged for Promissory Notes issued under this Notification.

No. 1170.—Ordered that the following Resolution be published in the *Gazette of India*:—

It has been brought to the notice of the Government of India, that articles liable to Sea Customs duty are frequently imported into India through the Letter Post and thus escape the duty to which they are liable. Such importations are in direct contravention of the Indian Post Office Act, 1866, section 60 of which Act declares that any cover supposed to contain articles subject to Customs duty may be opened by the Post Office authorities after due notice to attend has been given to the addressee.

His Excellency the Governor General in Council desires to remind the public that the importation through the Letter Post of goods liable to duty is illegal, and to notify for general information that the provisions of section 60 of Act XIV of 1866 will be strictly enforced.

Ordered, that this Resolution be communicated to the several Local Governments and Administrations, and for information and guidance to the Director General of the Post Office of India.

Proceedings of the Chief Commissioner of Mysore, Financial Department,
24th March 1879.

From the Secretary to the Chief Commissioner of Mysore, To the Secretary to the Govt. of India, Financial Dept., Calcutta. No. 3560—Finl. 42, dated Bangalore, 15th January 1879.

I am desired to acknowledge the receipt of Mr. Sinkinson's letter No. 4041, dated 9th November last, returning the statements of pensions and gratuities granted in this Province during the quarter ending 30th September 1878, with observations thereon under three heads.

2. In re-submitting the statements 5 in number, I am to state that the particulars referred to in the 1st have been duly supplied; and that the statements of compensation and invalid pensions for inferior service were blank.

3. Under the 2nd head explanation is called for with reference to entries Nos. 3 and 8 in the statement headed 'Inferior invalid gratuity,' in which while the average emoluments in these cases are shewn as Rs. 12 and Rs. 16 respectively, the gratuities are calculated on Rs. 10. On this point, I am desired to state that in the absence of any specific ruling, it has been the practice in this Province, under the advice of the Deputy Accountant General, to compute gratuities for inferior service on a limit of Rs. 10, even when the average emoluments of the applicant exceeds that sum. This practice is based on the construction placed on the wording of section 41 of the Civil Pension Code, which prescribes that service on pay not exceeding Rs. 10 is "Inferior Service." The correctness of this view is however, I am to observe, open to question, and a ruling on the point is solicited.

From the Under-Secretary to the Govt. of India, Financial Department, To the Chief Commissioner of Mysore, No. 1036, dated Fort William, the 27th February 1879.

With reference to para 3 of your letter No. 3560—F. 42, dated 15th January 1879, I am directed to say that the practice, at present obtaining in Mysore, of calculating gratuities for inferior service upon a limit of ten rupees is not correct, and that such gratuities should invariably be computed upon average pay for the last three years of service, even if the amount of such average pay exceeds Rs. 10. The condition of pay exceeding 10 rupees is only one of several tests for determining whether service is to rank as "Superior" or "Inferior."

To—His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,

I have read with a sad interest this very able report, which reflects great credit upon Mr. Elliott for its candid and impartial character, as well as for the clear and comprehensive manner in which the course of the famine has been viewed, and for the laborious industry displayed in its preparation. I refrain from making any comments on the several more important subjects referred to therein until I am in receipt of the Report of the Famine Commission, by whom, no doubt, further information will be elicited with reference to many of them. I cannot, however, allow this opportunity to pass without recording my concurrence in the opinion expressed in your resolution, that the thanks of Government are due to Mr. Elliott, and to the other gentlemen named, both European and Native, for the manner in which they severally performed their duties throughout this trying occasion.

I have, &c.,

Travelling Allowances.

Fort William, the 10th April 1879.

READ—

Letter from the Accountant General, Madras, No. 6198, dated the 27th November 1878, reporting that, in "cases where the grant of travelling allowance by distance is contingent on travelling allowance measured by time not being allowed" for the same day, it is the practice of his office to reckon the day "from midnight to midnight," and suggesting "that some general ruling be laid down on the subject."

RESOLUTION.—The Hon'ble the President in Council is pleased to decide that, in applying any rule which forbids the grant of travelling allowance in two forms for the same day, the day shall, in the absence of an order of the Government of India to the contrary, be reckoned from midnight to midnight.

ORDERED, that the foregoing Resolution be communicated to the other Departments of the Government of India, to all Local Governments and Administrations, to the Comptroller General and all Accountants General, and to Deputy Accountants General in independent charge, and to other Heads of Departments administered by the Government of India in the Financial Department.

R. H. HOLLINGBERY,
Asst. Secy. to the Govt. of India.

NOTIFICATION.

REVENUE—SEPARATE REVENUE—POST OFFICE.

Fort William, the 21st March 1879.

No. 1403.—The International Postal Convention signed at Paris, on the 1st of June 1878, having necessitated various changes in the postal rates and conditions respecting correspondence with places abroad, the Hon'ble the President in Council, in exercise of the powers conferred on him by the Indian Post Office Act, 1868, is pleased to sanction the following revised rules, conditions, and postage rates in respect of articles transmitted by Foreign Post.

The new postage rates, rules and conditions shall have effect from the 1st April 1879, excepting those relating to Post Cards, regarding which a further Notification will be issued on the Cards in course of manufacture becoming available for use.

RATES OF POSTAGE AND CONDITIONS OF TRANSMISSION BY FOREIGN POST.

Definition of term "Foreign Post."

1. The term "Foreign Post" includes the posts under the control of the Government of India named below:—

India and the Straits ...	British India Steam Navigation Company *viâ* British Burmah. Opium Steamers direct to and from Calcutta.
India, China, and the United States of America *viâ* Hong-Kong.	Opium Steamers *viâ* the Straits.
India and Ceylon	British India Steam Navigation Company, Coasting Steamers between Calcutta and Bombay.
India and Persia.	British India Steam Navigation Company *viâ* Kurrachee and Persian Gulf.
India and Aden	British India Steam Navigation Company *viâ* Kurrachee.

72

It also includes the land post between India and Ceylon. Also all mails sent by private ships or vessels, whether from one Indian Post Office to another, or to and from places abroad. Also all mails sent by Her Majesty's British packets (Peninsular and Oriental Company), or by Colonial packets, or by the French mail packets, whether from one Indian Post Office to another, or to and from places abroad.

Foreign Correspondence by private Vessel.

2. Mails can be sent by any private vessel leaving a port in India, but only such classes of mails are forwarded as can be received under the postal regulations of the country of destination. Bonghy parcels cannot be sent to any foreign country by private vessel.

Letters, &c., intended for despatch by private vessel should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Letters, &c., not so marked may be forwarded by private vessel if there be no regular mail communication with the country of destination.

Letters, &c., intended for despatch by private vessel must be *fully prepaid* by stamps at the ordinary Indian inland rates, and they will be liable on delivery in any foreign country to such postage as may be chargeable under the regulations of that country. This rule does not, however, apply to correspondence sent by private vessel to Ceylon, Hong-Kong, Mauritius, Seychelles or the Straits, for which see those entries in the Foreign Post Schedule.

Letters, &c., cannot be registered by private vessel.

Route by which forwarded.

3. The route by which an article is intended to be sent should be marked on the upper left-hand corner of the address side, and when possible the instructions so given will be followed. An article marked for a particular route, but not fulfilling the conditions of that route (*e. g.*, in respect of [illegible] pre-payment of postage), will be treated as if not marked for any particular route. Articles not marked for any particular route will, as a general rule, be sent by the route which stands first in the Schedule, except when there is a quicker despatch by some other route, or where the first route may involve special expenses (*e. g.*, by special train *viâ* Brindisi), or where it may require the compulsory prepayment of a higher rate of postage than that which has been prepaid, or where the amount of postage paid may leave no doubt as to the route intended.

Correspondence from or to Aden or Zanzibar.

4. Correspondence passing direct between Aden and places abroad is ordinarily governed by the same conditions and is conveyed by the same routes as correspondence between India and places abroad: in cases where there are special conditions or routes applicable to correspondence from Aden, special mention thereof is made in the Schedule.

Correspondence from Aden to India or any Indian Post Office is charged at the rates shewn in the Schedule for correspondence from India to Aden. Zanzibar stands in the position of a branch office to Aden: correspondence to Zanzibar is governed by the conditions mentioned in the Schedule: and correspondence from Zanzibar is governed by the same conditions as if it were posted at Aden, unless it be addressed to Aden itself, when it is subject to ordinary inland rates and conditions.

Letters for Erzeroum and the interior of Armenia, West Arabia, Persia, Turkey, Asia Minor, Kashmir, Gilgit, Ladakh, Cabul, &c.

5. It is recommended that letters for Erzeroum and other parts of the interior of Armenia be addressed to the care of some agent at Samsoun or Trebizond.

Letters for Hodeida, Jedda, Mecca, Mocha or other places in West Arabia and Massowah (in Abyssinia) should be prepaid as far as Suez at the rate of postage prescribed for letters to Suez. From Suez they are forwarded to destination by Egyptian Post, or such opportunity as may offer. Any letter for Jedda or Mecca which may be specially marked by the senders for transmission *through Aden*, and prepaid at the rates of postage prescribed for letters to Aden, will be forwarded direct from Aden by the first private vessel.

Letters for Kiermanshah and Hamadan in Persia should be sent by the Indian inland post to the Indian Post Office at Bagdad, addressed to the care of some agent there: and letters for Teheran, Ispahan, Shiraz, Julfa or other places in Persia will be sent to the Persian Post Office at Bushire, which will forward to destination.

Letters for such places in Turkey and Asia Minor or Syria, as have no British, Austrian or French Post Offices (see list of British, Austrian and French Offices in *Turkey* given in the Schedule), should be addressed to the care of an agent at the nearest port at which a British, Austrian or French Office has been established.

Letters and other articles for Kashmir are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at *Murree*, and thence by Kashmir Post to *Srinagar*, where an Indian Post Office is maintained temporarily. During the summer, letters, &c., sent by this route are subject to the ordinary Indian inland rates of postage and to the ordinary rules as respects prepayment; but additional postage equal to half Indian postage is levied on delivery on behalf of the Kashmir Government. During the winter months, letters for Kashmir are forwarded to the Indian Frontier Post Office at Sialkot and thence by Kashmir Post to Jummoo. This route is closed during the summer, when the Murree route is open.

Letters and other articles for Gilgit and Leh (Ladakh) are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at Murree, and thence by the Kashmir post. During the winter months, letters for Gilgit and Leh are forwarded through the Indian Post Office at Sialkot, and thence by Kashmir post. The delivery at Leh is effected through an Indian Office at that place: but the transit to Leh is under the control of the Kashmir post. By either route, letters, &c., are charged on delivery by the Kashmir Government with postage equal to half Indian postage, in addition to ordinary Indian inland rates.

Letters for Cabul, *if fully pre-paid* with ordinary Indian inland postage, are forwarded to the Indian Frontier Post Office at Peshawar, and there made over to the Postal Agent appointed by the Ameer of Cabul for delivery under local conditions and rates of charge. Mails are forwarded by the Agent towards Cabul about three times a week.

Addresses on Foreign Articles.

6. In the case of letters for places abroad, the name of the *country* (written clearly in large, well-formed characters), as well as the town or city, should be given in full. Attention to this rule will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. The address of every letter to a place abroad should end with the name of the country. Names of foreign towns, cities or countries should be spelt in the address in the same way as in the Foreign Post Schedule; and the attention of foreigners is particularly directed to this point as many of them are in the habit of spelling foreign names according to the foreign method. If the route by which the article is intended to be sent be given by the sender, it should be written on the upper left-hand corner, and if the name of the sender be given, it should be written on the lower left-hand corner.

Addresses on letters for Russia.

Letters, &c., for Russia should have, besides the name of the town, the name of the Province or Government in which they are situated; and further, the address must be plainly written. If these conditions be not complied with, the Russian Post Office declines to undertake the delivery of the correspondence.

Registration to places abroad.

7. Letters may be registered to those places abroad to which registration is available (*vide* Foreign Post Schedule), provided that the postage is fully prepaid, as well as the full amount of the registration fee shewn in the Schedule. Letters for places mentioned in clause 5 cannot be registered, except in the cases of those addressed to Srinagar and Leh, where Indian Post Offices have been established, or to Persia.

It is to be understood that registration to places abroad applies only to letters or packets prepaid at letter rates, except in respect of the United Kingdom and other countries belonging to the Universal Postal Union (marked I in column 2 of Schedule), to which correspondence of all kinds may also be registered.

The sender of a registered article can obtain an acknowledgment of the delivery of such article, when addressed to a Union country (marked I in column 2 of the Schedule), by prepaying two annas in postage stamps in addition to the usual registration fee.

As stated in clause 2, letters, &c., cannot be registered by private vessel.

137

Registration of Initial Addresses to the United Kingdom forbidden.

No letter or other article addressed to initials, or to a fictitious name, and destined for the United Kingdom can be registered. Such articles, if tendered, will not be accepted for registration.

Transmission of dangerous or offensive substances prohibited.

8. The prohibition against the transmission of dangerous or offensive substances contained in paragraph 9 of Section II applies also to Foreign Post articles*.

Money, Jewels, &c., and articles liable to customs duty.

No letter or packet containing gold or silver money, jewels or precious articles, or any article liable to customs duty, may be sent through the post to places abroad. This does not apply to the Overland Parcel Post.

Newspapers, Books, &c., regarded as dutiable in the United States of America.

In the United States of America all important newspapers and books are regarded as dutiable: but in the case of articles intended for the personal use of the addressee, the officers of the Post Office are authorized to exercise their discretion in admitting without duty unsealed packages of newspapers not exceeding 2 lbs. 3 ozs. in weight as well as books and other articles of merchandize not exceeding a dutiable value of one dollar.

Newspapers.

9. Newspapers may be sent in packets as printed papers under clause 10. but if sent either singly or separately folded and tied in a bundle (the bundle being superscribed with the number of separate newspapers contained in it), they are conveyed at the privileged rate (pre-payment compulsory) of postage shewn in the Schedule under the column headed "Each Newspaper."

Printed Papers and Legal and Commercial Documents.

10. The following conditions, &c., being those of the Universal Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of weight, *viz.*, 2 Kilogrammes or 4 lbs. 6 ozs. fixed for a packet of printed papers or legal and commercial documents. See Schedule and exception opposite the United Kingdom.

Under the head of "Printed Papers" are included newspapers and periodicals, stitched or bound books, pamphlets, music, visiting cards, address cards, proofs of printing with or without the manuscript relating thereto, engravings, photographs, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved or lithographed or autographed, and in general all impressions or copies obtained on paper, parchment, or card board, by means of printing, lithography, or any other mechanical process easy to recognize, except the copying press.

The following articles are considered as "Legal and Commercial Documents," *viz.*, all deeds or documents, written or drawn, wholly or partly by hand, which have not the character of *an actual and personal correspondence*, such as papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills and bills of lading, invoices, the various documents of insurance companies, copies or extracts of private deeds written on stamped or unstamped paper, scores or sheets of manuscript music, manuscripts of works forwarded separately, &c.

* Note.—This rule is, however, modified as regards correspondence for *France* and *French colonies*, to which the following articles may be sent under the conditions named below, *viz.*, —(*a*) Liquids, or fatty substances easily melted, which must be enclosed in bottles hermetically sealed and afterwards packed in wooden boxes containing sufficient cotton, sawdust, or other absorbing material to retain anything that may escape from the bottle if it should be broken: the wooden box must be finally enclosed in a metal case. (*b*) Fatty substances not easily melted such as resin soft soap, &c., must be enclosed in a cover of linen, parchment or wood, and finally placed in an outer cover of wood or metal. (*c*) Dry powders (if not dangerous) may be packed in two separate coverings, provided that nothing can escape to stain or damage other articles

Articles dangerous, inflammable, explosive, or of bad odour, or in any way exceeding the limits of size or weight laid down in this section, will under no circumstances be transmitted. The articles specified must have no intrinsic value, and the smallest quantity necessary to serve as a sample, should be sent.

NOTE.—*The definition of "Legal and Commercial Documents" given above is held to include such written articles intended for publication in Newspapers as are not of the nature of a personal letter as well as written descriptions or hand-sketches of places which are sent for publication; it is held also to include written letters of old date which have previously passed through the post and served their original purpose.*

Articles posted as "Legal and Commercial Documents" must be placed under bands or in an unclosed envelope. "Printed Papers" must be either placed under band, upon a roller, between boards, in a cover open at one side, or at both ends, or in an unclosed envelope, or simply folded in such a manner as not to conceal the nature of the packet, or, lastly, tied by a string easy to unfasten. An address card or a printed article presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold.

Printed papers may contain manuscript to the following extent:

(*a.*)—Signature of sender or designation of his name or of his firm, his rank, the place of origin, and the date of despatch;

(*b.*)—Dedication or compliments inscribed by the author;

(*c.*)—Simple marks drawing attention to certain passages;

(*d.*)—Prices added to stock or share lists, prices current or market reports;

(*e.*)—Quotations on corrections on proofs of printing or musical compositions.

Articles posted as "Printed Papers" or "Legal and Commercial Documents" which do not fulfil the foregoing conditions, or are not prepaid to the extent of one anna, at least, for "Printed Papers," and two annas for "Legal and Commercial Documents," will not be forwarded.

NOTE.—*As an exception to the above rule, unpaid articles posted as "Printed Papers" or "Legal and Commercial Documents," and fulfilling all conditions except that of partial prepayment, will, when* addressed to the United Kingdom, *be forwarded, but will be liable on delivery to double the deficient postage.*

Samples of Merchandise.

11. The following conditions, &c., being those of the Universal Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of size, *viz.*, 8 by 4 by 2 inches, and of weight, *viz.*, 8 ounces fixed for a packet of samples. See Schedule and exception opposite the United Kingdom.

Samples of merchandise are chargeable with the reduced postage under the following conditions:

(*a.*)—They must be placed in bags, boxes or envelopes removable, so as to admit of an easy examination of their contents.

(*b.*)—They must not have any saleable value, or bear any manuscript writing other than the name or the trade or firm of the sender, the address of the person for whom the packet is intended, a manufacturer's or trade mark, numbers and prices.

Samples not packed in accordance with these conditions, or not prepaid to the extent of one rate at least, will not be forwarded, nor will any of which the conveyance would be attended with inconvenience or danger.

NOTE.—*As an exception to the above rule, unpaid articles posted as "Samples of Merchandise," and fulfilling all conditions except that of partial prepayment, will, when* addressed to the United Kingdom, *be forwarded, but will be liable on delivery to double the deficient postage.*

Articles grouped in one despatch.

It is permitted to enclose in the same packet samples of merchandise, printed papers and le[illegible] commercial documents, but subject to the following conditions:

(*a.*)—That each article taken separately shall not exceed the limits of weight and s[illegible]

(*b.*)—That the total weight shall not exceed 4 lbs. 6 ozs. per packet;

(c.)—That the lowest amount prepaid shall be two annas if the despatch contains legal and commercial documents, and one anna if the despatch consists of printed papers or samples.

Unpaid or insufficiently paid correspondence which does not come under the conditions given in the Schedule.

12. Such correspondence will be returned to the sender through the Dead Letter Office. The sender has no claim to a refund of the postage originally paid, but, in the case of recent alterations of postage rates and conditions, the Post Master General (or officer exercising the powers of Post Master General) may exercise discretion in authorizing such refunds in special cases.

Correspondence re-directed to places abroad.

13. Letters, &c., re-directed in India to places abroad will be sent forward charged with the Non-Union postage (if any) due at the time of re-direction, no extra claim being raised for the re-transmission so far as the Indian Post Office is concerned. The postage levied in the country of destination will be governed by the regulations of that country. Letters, &c., re-directed to the United Kingdom or countries served through it will, if originally received from such countries, be forwarded by the route by which they came: and in other cases by the route *viâ* Brindisi.

This rule does not apply to articles re-directed by Overland Parcel Post.

Correspondence received from places abroad.

14. Post cards received from countries of the Union (marked I in Schedule) will be delivered in India as paid letters.

By routes marked I.

Unpaid and insufficiently paid letters and insufficiently paid printed papers, &c., received from *any country of the Union* (marked I in Schedule), will be charged on delivery with double the deficient postage. Fractions of half an anna will be raised to half an anna. Letters from the Portuguese Offices of Goa and Diu are charged at Indian inland rates without regard to any stamps which may be affixed to them. Unpaid printed papers, &c., received from the United Kingdom (or exceptionally received from other places), will be charged at double the rates fixed for the prepayment of similar articles going in the opposite direction.

Letters received in Aden from Zanzibar by British Packet are subject to the ordinary Indian inland rates and conditions.

By routes marked II.

Letters received from any *Non-Union Country through a Union Country* (routes marked II in Schedule) as unpaid or insufficiently paid, will be charged with double the deficient postage. Fractions of half an anna will be raised to half an anna.

Any articles other than letters which may be exceptionally received from such places either unpaid or insufficiently paid will be charged in the same manner.

By routes marked III.

Letters and other articles received from *Ceylon, Hong-Kong, Mauritius, Seychelles* or *the Straits by private vessels* (marked III in Schedule) are all received fully prepaid and delivered without charge.

Letters and other articles received from *any place* (except Ceylon, Hong-Kong, Mauritius, Seychelles or the Straits) *by private vessels* are charged with ordinary Indian inland postage at prepaid rates, according to weight in tolas, together with (in the case of letters) one anna each, being the sum paid to the Commander of the vessel.

By routes marked IV.

[illegible]rs, newspapers and packets are all received fully prepaid (and are delivered without charge) [illegible] the places and by the routes marked IV in the Schedule, *viz*:

[illegible]ritish Packet.

[illegible]ape Delagoa Bay and Natal) by British Packet through Aden.

Unpaid or insufficiently paid letters exceptionally received from Australia or other places in the same category are charged at the rates shewn in the Schedule for similar articles sent from India.

Re-direction of articles received from places abroad.

15. Prepaid articles received from places abroad, and re-directed after arrival in India to another place in India, will not be charged with any additional postage on account of such re-direction. The exemption contained in this clause applies to overland parcels.

An article re-directed from a Union Country to India will be treated in India as follows :—(1) *if originally fully prepaid* to its first address, it will be charged with the difference between the postage already paid, and the postage which would have been required for prepayment from the country of origin direct to its destination in India. (2) *if originally unpaid or insufficiently prepaid*, it will be charged as if it had come direct from the country of origin as an unpaid or insufficiently paid letter.

The rule contained in this clause does not apply to overland parcels.

Addresses on letters, &c., for Passengers on Board.

16. Letters posted in India for delivery to persons on their way to or from India should preferentially be addressed to the care of the local agent of the vessel or company to which the vessel belongs, full particulars being given of the name, &c., of the vessel (describing it as outward bound or homeward bound); if the addressee is travelling by one of the mail steamers (P. and O. Company), it may be sufficient to give the port of departure (Brindisi, Southampton, Calcutta or Bombay) of the steamer, with the time-table date of such departure and port of destination: for example, "A. B., passenger by outward Mail Steamer, Southampton (24th March) to Calcutta," care of &c., &c., &c., &c.

It is recommended that the name and address of the sender be written on the lower left-hand corner of the letter, preceded by the word "from," so as to save the opening of the letter in the Dead Letter Office in case of non-delivery, and it is recommended also that all such letters be fully prepaid.

If a letter be posted in India *viâ* Bombay to the address of a passenger proceeding from Calcutta or Madras by a steamer of the P. and O. Company timed to reach Aden or Suez at or about the same time as the mail steamer which carries the letter from Bombay, it may be addressed as follows :

> *Name of Addressee.*
>
> *Passenger by Calcutta Mail Steamer (here enter name of vessel if known or Calcutta date of departure).*
>
> *Care of Marine Travelling Post Office, Bombay.*

N. B.—Full prepayment at Southampton rates is compulsory.

Such letters will be made over to the Marine Post Office on leaving Bombay, and will be left at Aden for delivery, if the Bombay mail steamer precedes the Calcutta steamer, or be taken on for delivery through the Peninsular and Oriental Company's Agency at Suez if the Calcutta steamer has preceded. The delivery at Suez will be effected on board the Calcutta steamer as soon as possible after the arrival of the Bombay steamer.*

OVERLAND PARCEL POST.

N. B.—Information respecting parcels to India from Foreign countries can be had at the Post Offices of those countries. The British Post Office does not receive parcels for transmission to India (see below under United Kingdom).

The rules governing the despatch of parcels from the United Kingdom to India are, however, published in the British Postal Guide and exhibited in every British Post Office. Persons in India ordering goods to be sent out by Parcel Post may refer the sender to the above means of information about the transmission of parcels.

Parcels from the United Kingdom may be sent either paid or unpaid.

The rate charged for parcels of books from the United Kingdom, is 6*d.* per lb. The charge for the other parcels from the United Kingdom is 1s. per lb.

(1). Parcels are received at any Post Office in India (see note* at foot of this statement respecting Aden) under the conditions and rates of charge mentioned below, for transmission to the following countries, *viz.* :—

Countries.	Rate of Charge per lb. or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Annas.	
The United Kingdom ...	8	The prepayment carries the parcel as far as London: any additional charge which may become due on account of British custom-duty or carriage beyond London being realized from the addressee. Parcels must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the P. & O. S. N. Company for transmission independently of the Post Office, and, subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations. (NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance.) The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post; all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and enquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122 Leadenhall Street, London, E. C.
Aden See note* at foot of this statement.		
Ceylon ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery.
The Straits, &c.,— Singapore ... Penang ... Malacca ...	8	The route is *viâ* Tuticorin for Southern India and *viâ* Bombay for other parts of India: see Rule (4). The prepayment carries the parcel to destination. The ports of destination are free ports, so that no custom duty will be chargeable therein. The routes are by opium steamers (Jardine, Matheson, and Apcar), monthly through *Calcutta* to Singapore: by B. I. S. N. Company fortnightly through *Calcutta* or *Madras* or *Rangoon* to Singapore, Penang and Malacca: and by P. & O. S. N. Company fortnightly through *Bombay* to Singapore and Penang: see Rule (4).
Germany ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. *From Rule 3 it will be seen that second or duplicate, and in some cases triplicate, declarations of contents and value are required.* See also Rule 9, respecting compensation for damage or loss.
Austria-Hungary ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. See also Rule 9, respecting compensation for damage or loss.

* NOTE.—Parcels may be sent from Aden to the United Kingdom or from Aden to India (but not to other places) or den under the same conditions as if sent from India to the United Kingdom, except that the address on the outer cover will be different (see Rule 4). On p containing Ostrich feathers, the rate charged is one rupee four annas per pound instead of eight annas.

Countries.	Rate of charge per lb. or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Annas.	
Denmark ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9, respecting compensation for damage or loss.
Sweden ... Norway ... Switzerland ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value.* See also Rule 9, respecting compensation for damage or loss.
France ... The Netherlands (Holland) ... Belgium ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value, and that the second or duplicate declaration should contain a statement of the weight (lbs. & ozs. or tolas) of the contents, and should, if possible, be written in the French language.* See also Rule 9, respecting compensation for damage or loss.

(2).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country to whom it is intended. Parcels containing valuables should be sealed.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering, insecurely tied with string: friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax-cloth sewn at the edges is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration (clearly written) of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The United Kingdom ... Ceylon ... Straits ... Austria-Hungary ... Denmark ...	Only one declaration as above described is required.
Germany ...	A second or duplicate declaration is also required for parcels under five pounds, and a triplicate declaration for parcels above that weight.
Sweden ... Norway ... Switzerland ...	A second or duplicate declaration is also required.
France ... The Netherlands (Holland) ... Belgium ...	A second or duplicate declaration is also required: and the sender is requested to enter in the declaration a statement of the weight (lbs. and ozs. or tolas) of the contents and to write the second duplicate declaration, if possible *in the French language.* Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels :—

Specimen Form of Declaration.

Address of Parcel.
Thomas B. Smith,
114, *Piccadilly,*

(Signed) A. R. ROBINSON,
Amritsar.

N. B.—Declarations for parcels intended for France, the Netherlands or Belgium, should, in addition to the above, contain a statement of the weight (lbs. and ozs. or tolas) of the contents. This may conveniently be done by adding the words "weight—lbs.—ozs." underneath the total value, and the words "and weight" at the end of the sentence containing the declaration.

(4).—The parcel so addressed, and the separate paper or papers above referred to, should then be enclosed in a *substantial outer cover.* This outer cover should be superscribed and addressed as follows:—

Such compensation will in no case exceed 1½ rupees for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 5 marks or 1½ florins for each 500 grammes or fraction thereof in respect of parcels from Germany or Austria-Hungary. PUBLIC.

Simla, the 30th April 1879.

No. 853.—The Birthday of Her Majesty the Queen Empress of India will be kept on Saturday the 24th May next.

From the Officiating Secretary to the Government of India, Home Department, To the Chief Commissioner of Mysore and Coorg, Public, No. 21—751, dated Simla, the 18th April 1879.

On the 16th February 1872 was published in the *Gazette of India* correspondence, in which Her Majesty's Government had directed—

(1) that offices to which it is desirable to appoint persons not Natives of India should be, as far as practicable, filled from the ranks of the Covenanted Civil Service or from the Staff Corps ;

(2) that, so far as may be possible, and consistent with the requirements of the public service, all offices, other than those reserved for the Covenanted Civil Service, and those for which technical or professional qualifications are desirable, should be held by Natives of India ; and

(3) that, as a rule, persons with special qualifications, not being Natives of India, should be engaged at home, through Her Majesty's Secretary of State for such branches of the service as the educational or the public works department, and should not be enlisted in India.

orders have been in the main obeyed. But still, from time to time Europeans have been appo. for which Natives are eligible ; and the Governor General in Council deems it necessary what stricter rule, and to distinguish the branches of the service which should be, as d for Natives of India. It may be well to cite here the definition of "Natives

of India" framed by Act of Parliament. Section 6 of 33 Victoria, Chapter 3, says—"For the purposes of this Act, the words 'Natives of India' shall include any person born and domiciled within the dominions of Her Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only." The section goes on to say that "it shall be lawful for the Governor General in Council to define and limit from time to time the qualification of Natives of India thus expressed: provided," &c. For the purposes of the present orders, the foregoing definition of "Natives of India" is adopted with the proviso that "persons born and domiciled," &c., within the territories of Indian Princes tributary to, or in alliance with, Her Majesty, shall also be considered to be "Natives of India."

3. For the future, no person, other than a Native of India, shall be appointed to an office carrying a salary of Rs. 200 a month or upwards without the previous sanction of the Governor General in Council in each case, unless the proposed appointment falls under one or other of the following conditions, namely:—

(*a*) that the person to be appointed belongs to the Covenanted Civil Service, or to the Staff Corps;

(*b*) that the person to be appointed was originally nominated to the—

(1) Financial Department by the Governor General after examination,

(2) Forest Department by the Secretary of State, or by the Governor General after examination, or

(3) Educational Department by the Secretary of State;

(*c*) that the person to be appointed entered the branch of the department, in which he is now to be promoted, before the 1st January 1879;

(*d*) that the office to which appointment is to be made belongs to—

(1) the Opium Department,

(2) the Salt or Customs Department,

(3) the Survey Department,

(4) the Mint Department,

(5) the Public Works Department, or

(6) the Police Department.

4. No person, other than a member of the Covenanted Civil Service, shall be appointed for the first time to any office, which is usually reserved for the members of that service, without the previous sanction of the Governor General in Council. For the appointment of Natives to such posts, regulations with the sanction of Her Majesty's Secretary of State, shortly be issued.

5. When sanction is sought to a proposed appointment under either of the two foregoing paragraphs, the application for such sanction should shew—

(*a*) the education and past history of the person whom it is proposed to appoint; and

(*b*) the reason why a Native of India (or in the case of appointments under paragraph 4, a member of the Covenanted Civil Service) cannot conveniently be appointed to the vacant office.

6. Though the six departments named under clause (*d*) of paragraph 3 above are excluded from the operation of the present orders, the Governor General in Council does not wish that offices in these departments should be in any way reserved for Europeans. The duties of the opium and customs departments are not more technical or arduous than those of the land revenue and settlements branches of the service wherein Natives of India do excellent work. Men of the same race as Colonel Montgomerie's Native trans-Himalayan explorers can surely be entrusted with responsible offices in the survey of the plains of India. The Governor General in Council has been glad to see that, in one most important branch of the Public Works Department of Bengal, the Lieutenant-Governor has decided that Native Engineers

183

should be employed much more largely than heretofore. The annual police reports for the various Provinces shew that Native police officers when advanced to positions of trust do their work zealously and honestly. And the Governor General in Council hopes that it may be possible to appoint Natives of India more and more freely to the higher offices in these departments. But for the present His Excellency in Council is not prepared to take special steps for restricting the employment of Europeans in the six departments mentioned at clause (*d*) above.

3. An officer in Superior Service may not, except as provided in paragraph 4, charge railway-fare on any day for which he receives daily or monthly travelling allowance.

Circular No. 17 F.

Extract from the Proceedings of the Government of India in the Department of Revenue, Agriculture and Commerce,—dated Simla, the 6th May 1879.

FORESTS.

READ—the following despatch from Her Majesty's Secretary of State for India, forwarding a notice issued by the Italian Government respecting a prize to be awarded by them for the best essay on trees of the genus "*Citrus*":—

No. 11, dated the 27th March 1879.

From—Her Majesty's Secretary of State for India,

To—The Government of India.

At the instance of the Secretary of State for Foreign Affairs, I transmit herewith ten copies (10) of a notice issued by the Italian Government respecting a prize to be awarded by them for the best essay on trees of the genus "*Citrus*."

2. I desire that this notice may be published in the Government Gazettes, and that such other steps may be taken as may seem desirable with a view to bringing the subject to notice in India.

Notice issued by the Italian Ministry of Agriculture, Industry and Commerce.

(Communicated to Lord Salisbury by the Italian Ambassador in London.)

(Translation.)

The Ministry of Agriculture, Industry and Commerce, considering the opinion expressed at the meeting of November 6, 1878, by the Commission appointed to decide upon the competitions instituted by Royal Decree of February 14, 1877, in regard to the essays "On the genus *Citrus*" presented to compete for the prize of 3,000 lire, and which were declared not deserving of the prize;

Considering that the reasons still exist for which it was thought very beneficial to encourage a complete study of the physical nature and biology of the Hesperidæ, and for which the competition was instituted;

Accepting the vote passed by the above-mentioned Commission,

Decrees:
